WARRANTY EXCLUSIONS

Factors Beyond the Manufacturer’s Control

Repairs and adjustments required as a result of misuse, negligence, modification, alteration, tampering, disconnection, improper adjustments or repairs, accidents, and use of add-on parts or materials.

Damage of surface, corrosion resulting from acidic atmosphere.

Lack of Maintenance

Repairs and adjustments caused by improper maintenance, lack of required maintenance, or the use of fluids other than the fluids specified in the Owner’s Manual.

Deterioration

Vibration, wear, tear, or deterioration such as discoloration, scratching, or rusting of bare metal.

Wear of Screw, Barrel and Non-Return Valve

Screws, barrels, or non-return valves that have been damaged by glass, mineral or other fillers or corrosive materials.

Screw or non-return valves that have been damaged by rotating the screw with insufficiently melted materials (cold start-up) or with an empty Barrel.

Damage by Trucking or Rigging Company

Damage by trucking or rigging company during shipping or installation. It is the responsibility of purchaser to inspect the machine upon receipt and report any damage to trucking company or rigger. Shibaura Machine is not liable for insurance deductible.

Consequential or Incidental Damages

Plant down time, lost profits, lawsuits by third parties and other types of consequential or incidental damages are not covered by any warranty.
